Themed seminar

A seminar is a live presentation about a sector-specific topic in a Misset Media environment. The seminar is about a sector-specific topic during, or previous to, international exhibitions or conferences. People around the world can pre-register for the seminar and join our high quality and interactive seminars. The seminars have a duration between 60-90 minutes. As partner you can participate in our Misset Media 'themed seminars' or we can organise an exclusive 'partner seminar' together with a single partner.

Why become a partner?

- Direct, intensive and live contact with a highly engaged target group
- Possibility to interact with your target group
- Lead generation: A list of participants and pre-registrations
- Speakers and visitors are already present at the exhibition or conference

You package

Before

- Multimedia campaign using Misset brands
- Invitation through own channels and partners (optional)

During

During the seminar you have intensive, interactive and live contact with a highly engaged target group.
